

Netiv Halotus Day Care Center

A Report on "Maatefet Raka" program, sponsored by WIZO Denmark

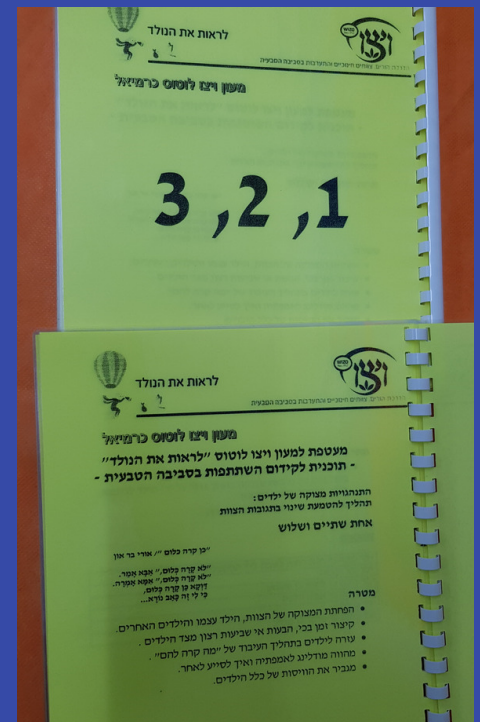

Women's International Zionist Organization
for an Improved Israeli Society

The implementation of "Maatefet Raka" program

We are pleased to report on the successful implementation of the "Maatefet Raka" program. This five year program is now fully operational and received very well by the DCC families. The program includes staff training, both in classroom teams and in the DCC as a whole. The children receive occupational therapy assessment and if necessary, the parents are involved to create an individual development program.

The program also includes uniquely developed learning booklets, revised and edited by the Staff.

An Excellence Award!

We are honored to report that the Netiv Halotus DCC staff has received the annual excellence in education award for 2018. The award was presented by World WIZO Chairperson, Rivka Lazovsky and Early Age Division Chairperson Avital Blumenthal.

The staff and director were awarded for their professional, social and emotional care capabilities. "The constantly learning and advancing team provides every infant, child, and parent the best personal attention with motivation, sensitivity, and devotion" (from the award certificate)
